ASBA is pleased to announce that Marin Art & Garden Center (MAGC) will host the *26th Annual International* in The Studio, where the *24th Annual* was so successfully mounted in 2021. The Northern California Society of Botanical Artists will once again present an exhibition of members' works in the adjoining gallery, and will collaborate with the Garden Center to present a multi-faceted series of programming. Founded in 1945, Marin's vision is to preserve and share its beautiful historic site, while enriching its community through exploration and discovery in the arts and the natural environment. With its gracious gardens, specimen trees, and water features, MAGC is a welcoming environment for visitors to enjoy and a destination for learning.
